### Current Position

James founded a Workers' Compensation consulting firm, **J&L Risk Mgmt Consultants, Inc.** in 1996. J&L's mission is to reduce our clients' Workers Compensation premiums by using time-tested techniques. J&L's claims, premium, reserve and Experience Mod reviews have saved employers over \$9.8 million in earned premiums over the last three years. J&L has saved numerous companies from bankruptcy proceedings as a result of insurance overpayments.

### Experience

James has over 27 years of experience in insurance claims, audit, and underwriting, specializing in Workers' Compensation. He has supervised, and managed the administration of Workers' Compensation claims, and underwriting in over 45 states. His professional experience includes being the Director of Risk Management for the North Carolina School Boards Association. He created a very successful Workers' Compensation Injury Rehabilitation Unit for school personnel.

### Education

James's educational background, which centered on computer technology, culminated in earning a Masters of Business Administration (MBA); an Associate in Claims designation (AIC); and an Associate in Risk Management designation (ARM). He is a Chartered Financial Consultant (ChFC) and a licensed financial advisor. The NC Department of Insurance has certified him as an insurance instructor. He also possesses a Bachelors' Degree in Actuarial Science.

### Awards

LexisNexis has twice recognized his [blog](#) as one of the Top 25 Blogs on Workers' Compensation. J&L has been listed in AM Best's Preferred Providers Directory for [Insurance Experts – Workers Compensation](#) for over eight years. He recently won the prestigious Baucom Shine Lifetime Achievement Award for his volunteer contributions to the area of risk management and safety. James was recently named as an instructor for the prestigious Insurance Academy.

### Associations/Publications

James is on the Board of Directors and Treasurer of the North Carolina Mid-State Safety Council. He has published two manuals on Workers' Compensation and three different claims processing manuals. He has also written and has been quoted in numerous articles on reducing Workers' Compensation costs for public and private employers. James publishes a weekly newsletter with 5,000 readers.
